Welcome to the 2nd International Conference on Organic Food Quality and Health Research

On behalf of the Food Quality and Health Association (FQH), Warsaw University of Life Sciences (Poland) and ISO FAR (The International Society of Organic Agriculture Research) we kindly invite to take part in our Second International Conference on Organic Food Quality and Health Research in Warsaw.

We invite researchers, representatives of national and international agencies, control bodies and industries to take part in this conference.

The Conference will focus on the sustainable systems of agriculture and their impact on food quality and human health, in the following areas:

- Sustainable agriculture
- Food quality
- New methods
- Food and health

We sincerely hope that you accept our invitation and look forward to meet you in Warsaw, in June 2013.

ABSTRACTS

Poster presentation instructions

Poster sessions will provide an opportunity for authors to display results of their scientific work. Posters will be exhibited on a billboard.

To present your poster accurately, please follow the instructions below:

- Maximum poster size: 80 cm (height) x 55 cm (width)
- Your poster should be readable from a distance of 1.5 m
- We will provide material for attaching your poster (pins or special plasticine)
- Authors are expected to be present by their poster during the session

Posters will be on display during the whole conference, Poster session is scheduled on Thursday, June 06.

Presentations formats

Oral presentations will require a Microsoft Office PowerPoint format and should be submitted at the Symposium on a USB memory stick; alternatively, presentations on CD-ROM can be considered.

Manuscript for special issue

We offer the possibility of publishing your work in a special issue of **Journal of the Science of Food and Agriculture**. The Guide for Authors, which should be closely followed when preparing your manuscript, can be found on the journal's web site. All papers, to be written in the English language, must be submitted on-line via the journal's website, and will be subject to the standard, stringent, refereeing procedure of the journal. Submitted manuscripts must describe new and innovative research. Papers are NOT automatically accepted because they are part of the conference. All papers intended for publication must be submitted by 31 July 2013 at the latest, via the journal's web-site. After this deadline manuscripts can only be considered for regular issues of the Journal.

Language

The official language of the symposium will be English, no simultaneous translation will be provided.
